Date Issued: \_\_\_\_\_ Permit Number Issued: \_\_\_\_\_

Full parking spaces are a great indicator you're in a busy business district!

# Parking Permits

## Downtown Merchant Permit Parking Program

Permits are available from the Roseville Police Department, 1051 Junction Boulevard (see attached application)

- Annual cost for a permit is \$20.00.
- The permit must be placed on the right rear bumper of the vehicle for which it has been purchased.
- They will be valid from January 1 through December 31 of the year printed on each permit.
- Permits purchased for the 2006 calendar year will be valid from the date they are issued until 12/31/06.
- Permits can be purchased after July 1 each year for \$10.00.
- This program is in full effect as of January 1, 2006. The old permits will no longer be valid as of the same date.

### Advantages of the new program:

- The available two-hour permit exempt parking spaces have been increased from 35 to 76. This includes 26 additional parking spaces in the lot behind Roseville Theater and 15 additional spaces on Atlantic Street between East Washington and Lincoln Streets.
- The revenue generated will support this program and be directed to parking related issues in the Downtown area. Possible future applications might include signage, informational tools, etc.
